Payment of this bill is not evidence that earlier bills have been settled. Where a supply has been disconnected for arrears, reconnection takes place within two working days of payment. Readings not based on an actual visit are marked with an asterisk and are reconciled on the following bill. This page is a fictitious sample produced for testing document capture; every name, number and amount on it is invented and refers to nobody. Small print is deliberate: it is the first thing a scan loses when the image is downscaled too far.
